

## Summer 2 - Reception Home Learning Challenges

Hello everyone,

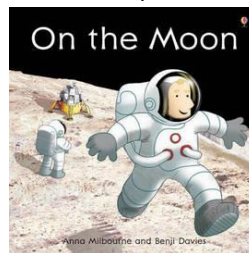

Hope you continue to be well. It was fantastic to see all of the home learning about worms last week. We would love to see more of you sharing your work on Seesaw. If you need the passcode for Seesaw please contact the office and we will text it out.

We continue to have three bubbles in Reception so if you would like your child to return to school please contact the school office.

Our new topic for the last three weeks is Space. The first book we are reading is 'Whatever Next!' by Jill Murphy.

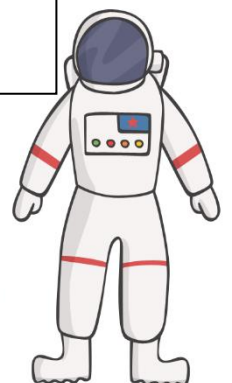

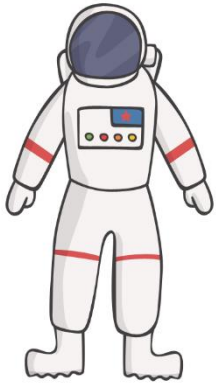

The other book we are focusing on is 'On the Moon'. Both books are available to watch on youtube.

Please keep checking the Marvellous Me App for more information and updates during this period along with the school website and Facebook page.

Thank you for you continued support and stay safe,  
*Mrs Verheyen & Miss Robinson*

## Summer 2 - Reception Home Learning Challenges

### Activities linked to the books.

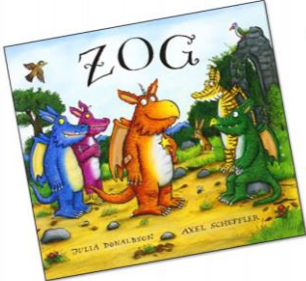

1. Listen to the story 'Whatever Next!' on youtube and write a list of 5 things you would take to the moon and draw them.  
<https://www.youtube.com/watch?v=6c5cbOuOrPM>
2. Can you act out the story and pretend to be Baby Bear by using a box as a rocket?
3. Make a rocket out of junk modelling materials.
4. Draw a labelled diagram of a rocket for Baby Bear, showing the different parts and special features.
5. Design an astronaut's outfit that Baby Bear could wear to visit the moon.
6. Can you find out who was the first man on the moon and watch on youtube the launch of the rocket?  
[https://www.youtube.com/watch?v=QLP1KggW\\_w4](https://www.youtube.com/watch?v=QLP1KggW_w4)
7. Make a shopping list for what you would need for a picnic on the moon.

### Maths activities linked to the story

<https://whiterosemaths.com/homelearning/early-years/>

There are maths activities for this week are linked to the story 'Zog' by Julia Donaldson. Ff you follow the link above or open the attachments to each day that are sent on Seesaw. Eg Day 1

Starting with a Story Reception

These activities and ideas are based around the book "Zog" By Julia Donaldson.

All activities could be done without the book!
