A big **thank you** to all the parents and carers who are helping to keep our pupils staff and community safe by wearing a face mask or covering whilst on the school site.

If you forget your mask you can get one from the staff at the gates each morning.

Please remember to observe **social** distancing when on the school site, especially if you are waiting in the playgrounds at the start or end of the school day.

Outside of school it is important for your household to remember to follow current government guidelines especially with regard to your **social bubbles** and childcare bubbles where applicable so as to minimise the risk of bringing COVID19 into school.

## **Safer Internet Day 2021**

Exploring Reliability in The Online World Parent Guide

The digital world is vast, exciting and forever evolving at such a pace that parents often find it hard to keep up. It has an amazing range of information and opportunities online and can help us see the world from different points of view

2Simple, the company behind purple Mash have partnered with UK Safer Internet Centre and Amazon Web Services to put together a guide to support parents in recognising the reliability of the information that you encounter online and being able to advise your children enabling them to grow into a responsible digital citizen who is able to keep themselves safe while, at the same time, getting the very best from the digital world.

It has been produced to make Safer Internet Day, a day that is celebrated across the globe in over 170 countries, with thousands of young people joining in across the UK to explore how they use the internet responsibly, respectfully, critically and creatively.
