E- Safety Keeping Children Safe

It is important to keep children safe online. The following websites have been designed to help parents keep their children safe online.

This website provides a list of popular APPs children are using and information for parents on what the apps are:-

This is a link to an online video of 'how to help your kids stay safe online'

This is a link to an online video of 'how to help your kids stay safe online' made specifically for parents and carers of younger children.

<https://www.internetmatters.org/advice/0-5/>

If you need help or support in talking to your child/ren about their online behaviours, or are concerned about what they may have seen or heard online please ask in school as we can support with this.

Do you want to join the hundreds of Archibald parents and carers who receive **regular positive messages** about their children's achievements in school?

Do you want to receive **important reminders** about what is going on in school so your children do not miss out?

If the answer to these questions is 'yes!' then you need to download our **Marvellous Me!** app.

You can download the app for free and need a code to identify your child. Codes are available from school – why not ask your child's teacher at triangulation meetings if you have forgotten yours?
