## Archibald Primary School Attendance Traffic Lights

### Green – 96% to 100%

With this level of attendance, you have given your child the best possible chance of fulfilling their academic potential.

Your child will be entered into our annual/termly attendance reward programme. if they have 100% attendance

### AMBER 92%-95%

With this level of attendance, your child's schoolwork will have already started to suffer. They will have missed some important information in lessons and need to catch up!

We will be reviewing your child's attendance record closely and may already be taking steps to ensure that it improves.

### RED UNDER 91%

With this level of attendance your child's chances of success are at risk. If they have been ill, the school will support them in doing the extra work needed to catch up.

It is likely that if your child has patterns of absence or unexplained absences, the school will already be taking steps to ensure your child's attendance improves. This might include working with other agencies to support your family in helping you to improve your child's attendance or the Education Welfare Service considering issuing a penalty notice or taking court action.

All pupils attendance continues to be logged using our traffic light system. You will receive regular updates on your child's attendance. Our target is to have all children in the green zone. Children with 100% attendance are automatically members of The Roary Club and will receive special treats at the end of each term.

## This week is Organisation Week.

Teachers will be looking to reward pupils who have the right equipment in school on the correct day, and are organised in the way they represent their learning in our celebration assembly on Friday morning.
